### LOCK OPTIONS

ForceGuard can be fitted with a double-bitted key lock, a 3-wheel combination lock or a high-security electronic lock as the primary locking option.

All locks are independently tested and are certified in accordance with the EN 1300 standard. ForceGuard's high-security electronic lock – certified Class B – includes the following features, easily programmed by the owner:

- 1 master code and 1 user codes.
- Time delay of up to 99 minutes between lock being operated and door being opened.
- Opening window between 1–19 minutes.

### INTERNAL FITTINGS

All cabinets can be fitted with frames for hanging files. A rail fixed to the roof of the cabinet allows means that an extra file frame can be attached and the largest model can accommodate 7.2 metres of hanging files.
